

sns technologies is 'Now HIRING'

sns technologies is an IT solutions company developing web-based, desktop enterprise solutions with global clientele ranging from various industries. Established in 2003, the company has since then stayed at the forefront in providing innovative solutions to the rapidly evolving business needs.

We are launching a new business to provide offshore staffing solutions to its overseas clients and acquiring services of more exceptional technology experts to escalate the provision of unrivalled software and solutions. Hence, we are looking for dynamic, talented and energetic software engineers to join the company.

If you are tired of your typical full-time job, monotonous daily schedule, fed up of fiddling with the same technologies and not getting opportunity to enhance your career, or disappointed with the online freelancing web portals, getting bogged down on a single project – overworking/reworking without being paid for extra efforts under the fear of being badly rated/reviewed by your employer; then don't get exploited, realize the misconception of earning higher when you actually earn less, get to know your actual worth and cash it out without any disputes and hassle. We have an offer to overcome all of these issues.

Our novel business model is designed to introduce a radically diverse working environment and arrangements to relieve you off your worries.

Here are some of the key **Perks & Benefits** you can get:

- Get paid an hour for each and every hour worked.
- Attractive Pay Package - Above average market rates for highly skilled & capable applicants.
- Salary paid in US\$ per hour.
- Monthly Bonus for Dependability and Discipline.
- Monthly Bonus for Good Performance Review
- Quarterly Performance Bonuses.
- Salary & Bonuses credited directly to your account on 1st of every month.
- Annual Pay Rate Re-evaluation.
- Flexible and diverse employment arrangements (Full-time/Part-time).
- Interact directly with our friendly overseas clients.
- Direct exposure to global market, working environment, culture & professional practices.
- Company endorsement & opportunity to work overseas on client's site.

So if you are highly **motivated** and **experienced**, ready to take on new **challenges** and **explore** new horizons, then **sns technologies** eagerly awaits you to **get on board**.

Choose from a wide range of positions and **APPLY NOW** to work in an arrangement most suited to your preferences.
